Now is it not fancy.. There is only one person on this outgoing recipient list that does not need to respond -- for that his role is to take what was said and pass it upward into new circles -- that was done.

And is it not fancy, that I have to take a human action here ---- to enable Mailtrak to monitor this email item, the by turning this flag one, makes the use of the expectation that there is [ standard ] that applies to this email that [ expats ] a reply back to the sender.

And is not fancy, that in the footer of the email content that was sent from this account's identity, a procedural setup that the use of this email account is real real special.

Note the year date that this signature line was declared --- 2012.

This is how long this logic process has been put into place.

Am I expecting the human on the other end of this message to respond -- by the exact meaning of the words expressed here?

The answer is obviously yes,. More to the point, as the suggestion takes command and lead.

It is not here in this container that such a reply/response/responsibility should be made.

The action, whatever and however and whoever and wherever is obviously noted for sure.

It is took to what is of your already known within your life path, knowing something is wrong that is workable to correct, those connections of something that obviously has been left undone,

The foundation of the human quality of necessity here : : **"responses here known to be become done"**.

**This account is no longer asking as though it is optional -- for it is not option to remain acting is the dark deeds of a secret scheme that was designed and launched active generations back, long time passing, to hold yourself to be loyal to something manifested - point A to point B to point C to Point D, and continue to do something the same and never question the change.**

**Holding it on the loyalty line, loyalty to something you can not speak about (A), but you are proud about (B), you have no desire to fix (C), you have to bury your head in the sand(D), to escape or avoid it's final reckoning.**

**With your head in the sand, you can not be reached --- you mind over cast. Dejected you will all succumb to the forces of having the truth be told in the manner in to which casts a dastardly mold. This mold does not change nor does it grow. The mold of molding muck that is yuck -- time to be grow up, make a new mold out of things you have been told, and never ever a lie here, the lies are so so old.**

**@Gruwup 2019 : Great Reasons Us [ The world wants to see the face of reality that you take what you believe reconcile to what you have done, pride says you would boast it to share it to everyone the deeds of goodness, the accomplishments : an award for the prize of a lifetime!! ] if you can't hold such a mold to the outcome pride such as this --- you maybe ought to look at yourself -- with remorse an regret ] Will Unite Peace**

Words To Live By

Art thou dejected?  
 Is thy mind o'ercast?  
 To chase thy gloom,  
 Go fix some weighty truth;  
 Chain down some passion; do some generous good;  
 Teach Ignorance to see, or Grief to smile;  
 Correct thy friend; befriend thy greatest foe;  
 Be just in all things; make amends  
 For follies past, and, with warm heart,  
 Forgive, and be forgiven. Let work not words  
 Thy virtue prove. Go act as well as prate,  
 And then thy counsels will be strong,  
 Thy reprimands avail. —ANON

THE province of the historian is to gather the  
 threads of the past ere they elude forever his grasp  
 and weave them into a harmonious web to which the  
 art preservative may give immortality. Therefore he  
 who would rescue from fast gathering oblivion the  
 deeds of a community and send them on to futurity  
 in an imperishable record should deliver a plain  
 unvarnished tale.
